

Cleanliness Without Compromise

Hako

PowerBoss®
The Power of Clean

Atlas

Industrial Sweeper

Precision Engineering. Maximum Capability

Precision Engineering

Compact and Maneuverable design

Clamshell design to access smaller, tighter spaces

Maintenance Benefits

Easy engine access for routine maintenance

Operator Comfort

Spacious legroom and seat standard with armrest

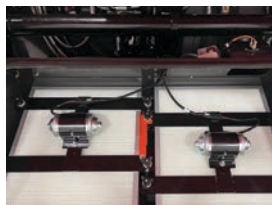

Agricultural Grade E-Coated Steel

Weatherproof steel construction

Parker Hannifin Hoses & Eaton Hydraulic Pump

Severe environment, Industrial-grade components

Heavy Duty Filtration

Dual synthetic panel filters and aggressive twin shaker motors, "no tools required"

All Hydraulic and Cable Functions

No computer chip or microprocessor - minimise costly repairs

Highly Visible Safety Orange

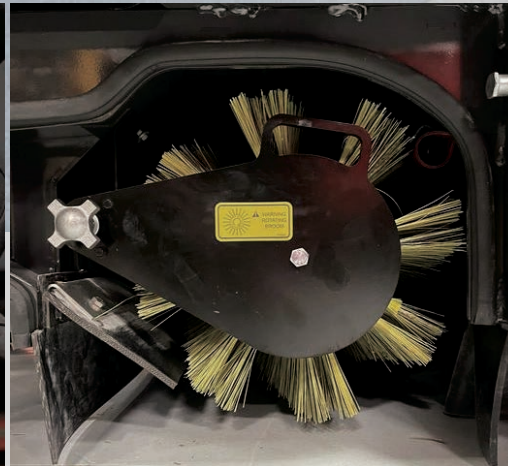

Attention grabbing bright colour to maximise a safe working environment

Reliable Kubota Powered

LPG or Diesel

Safety and additional machine benefits

- **Simple Operator Controls**
All hydraulic and cable connections
- **Easy Access Doors**
Easy access for routine maintenance
- **Easy Maintenance**
No tools necessary, easy brush change
- **Optional Overhead Guard**
Overhead guard offers additional operator safety

Exceptional Ground Clearance

Versatile enough for everyday sweeping needs and durable enough for harsh environments

Technical data

Technical data: ATLAS	
Productivity	<ul style="list-style-type: none"> • 17,168 m² per hour
Sweeping system	<ul style="list-style-type: none"> • Cleaning Path: Single / Double Side Broom: 1625 mm / 2032 mm • Main Brush Length (Tubular): 1219 mm • Side Broom Diameter (Disk): 660 mm • Hopper Volume Capacity: 453 litres • Hopper Weight Capacity: 544 kg • Maximum Hopper Dump Height: 1524 mm • Hopper Material: Agricultural Steel • Filter Area: 10.2 m² • Panel Filter Dust Filtration: 1 Micron @ 99% efficiency • Optional HEPA Filter Dust Filtration: 0.3 Microns @ 99.97% efficiency
Machine Specifications	<ul style="list-style-type: none"> • Length 2533 mm • Width 1609 mm • Height 1495 mm • Weight (without batteries) 1,570 kg • Minimum Aisle Turn 2870 mm
Engine	<ul style="list-style-type: none"> • Engine – LPG: 1.5 litre Kubota WG1650L • Engine – Diesel: Diesel 1.5 litre Kubota V1505 • Block and Head Material: Cast Iron

PowerBoss Kubota Engine Advantage

- Cast iron engine block and head = less thermal stress
- No timing belts, pulleys or tensioners = protection from dirt and debris
- Kubota engine was built for the industrial customer, non-automotive design
- More oil capacity = more lubrication
- World renowned reliability and performance

Atlas Sweeper Filter System

▶ STAGE 1 Perma-Filter™	▶ STAGE 2 Panel filter	▶ STAGE 3 (Optional) HEPA Filter
-----------------------------------	----------------------------------	---

Our Blue initiatives meet Green cleaning standards, but provide even more features specific to industrial applications and environments. Water conservation, clean air, clean energy, lower chemical reliance, lower emissions and a safer work environment are just a few of the Blue hallmarks

PowerBoss®
The Power of Clean

*PowerBoss is subsidiary of the HAKO Group.
