Cleanliness Without Compromise

Hako

HAKO CONTRACTOR SERIES

Scrubmaster B80R-HC

Compact ride-on scrubber-drier

Comfortable cleaning for confined spaces

HAKO CONTRACTOR SERIES

Uncompromising Quality, Exceptional Value

The Hako Contractor Series *incorporates Hako's renowned design features, robust build quality, consistent performance and reliability at a competitive price point.*

*The **B80R-HC** can clean up to 3900m2 per hour and is highly manouevrable for use in narrow isles or compact spaces. It features German design features and German-made core components/ control boards, delivering quality at a competitive price.*

3-Spoke steering wheel
with steering wheel knob for smooth maneuvering

Intelligent control panel with visualised operational steps
for real time status monitoring

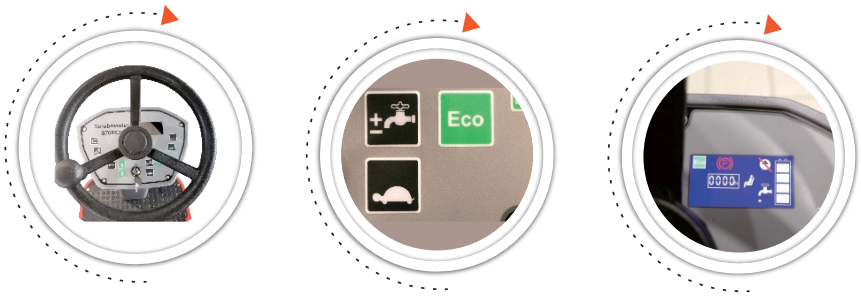

Audible guide
Informs the operator of the current function to minimise potential errors

Eco mode
Single button activation for floor scrubbing with reduced noise levels. Ideal for sound-sensitive areas and, extended battery life.

Speed reduction switch
Turtle mode allows safe operation in high-traffic areas at up to 3km/h

Brush and pad wear indicator
Alerts operator to prevent damage

Automatic brush coupling and decoupling
electronic one button activation

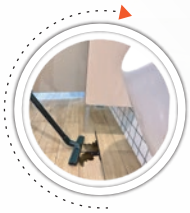

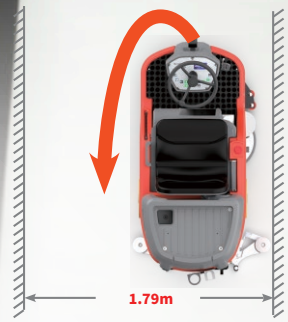

Extended versatility

- Optional iOT for real time monitoring
- Optional Tool basket/holder
- Optional manual suction tool for cleaning areas that are hard to access

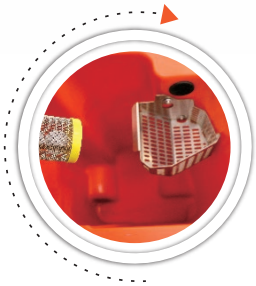

Easy to make U-turn in aisles as small as 1.79m

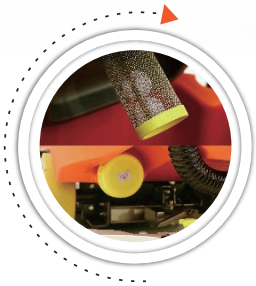

Capable of navigating narrow aisles with 80cm width and fitting into elevators

Large-opening recovery tank

equipped with a dirt sieve for filtering coarse dirt particles, making it easier to clean the machine

Yellow Colour Coded Service Points

to alert operator of daily maintenance requirements

Solution tank with large drain point

Prevent sediment clogging

Anti-collision protection

Robust rollers to protect walls

Blue safety light

enhances workplace pedestrian safety during operation

Anti-rollover design

for operator protection during travel

On-board dosing

Provides on-demand dosing of cleaning solutions with consistent mixing ratio of chemical and water.

Automatic Speed reduction

Safer use cornering and in traffic

E-brake

Ensures safety around pedestrians

Technical data

	Technical data: Scrubmaster B80R-HC
Productivity	• 3,900 m² per hour
Machine Specifications	• Length: 1470mm • Width: 760mm • Height: 1210mm • Squeegee Width: 860mm • Working Width, Scrubbing: 650mm • Weight without / with batteries: 245 / 385kg • Solution Tank: 75 litre • Recovery Tank: 75 litre • Rated voltage: 24V • Total power: 2450W • Batteries & Capacity: 4 x 250Ah C20 (Maintenance-free) • Number of Brushes / Type: 2 x disc (Dual 330mm) • Max working speed: 6km/h • Run time: 4 hours • Minimum aisle turn: 1790mm
Standard inclusions	• On-board chemical dosing system • Blue safety light and LED working light • Maintenance-free sealed gel batteries 24V 250Ah C20 • Electronic coupling / decoupling brush system • Display panel with voice guide

**We reserve the right to make technical improvements to the machine with regard to shape, color and design without notice. Illustrations could contain optional accessories.*

Hako Ensurance Service Maintenance Program (ESMP)

Ask your Hako Specialist about our maintenance options that will protect your investment and increase your warranty period
