Cleanliness Without Compromise

Hako

HAKO CONTRACTOR SERIES

Sweepmaster B2100R-HC

Commercial / Industrial large area sweeper

More ground. Less time. One clean sweep.

Uncompromising Quality, Exceptional Value

The Hako Contractor Series *incorporates Hako's renowned design features, robust build quality, consistent performance and reliability at a competitive price point.*

The ***B2100R-HC*** *delivers an extremely cost-effective solution for large commercial and industrial sweeping, covering up to 14,700m2 per hour. Numerous inclusions, such as overhead guard and full lighting package, further enhances its value.*

HAKO CONTRACTOR SERIES

Long-life, maintenance free batteries
A premium upgrade over traditional lead-acid batteries, our sealed gel system eliminates the risk of corrosive leaks and spills while delivering a significantly longer service life.

Lighting system
Comes standard with headlights, overhead working lights, brake lights, turning indicators and amber flashing beacon

Braking system
Electronic brake, mechanical brake, emergency stop

Dual dirt Hoppers
Allows larger pieces of debris, can be individually removed and empties with ease

Easy access dual 90L hoppers

Add optional disposable bags to make emptying and cleaning a breeze

Dust control

Wet dust-suppression via the onboard 100L water tank or optional HAKO Dust-Stop ensures excellent dust-control

Ergonomic cabin

Easy reach controls, comfort seat and cooling fan for operator, USB charging connector, cup holders and handy storage compartments

Precision formed, single moulded chassis, engineered for maximum structural integrity, with durable 2-layer anti-corrosive coating

V-shaped bristles

Main brush made with PET material and V pattern for optimum performance

Modern & user-friendly Human-machine Interface (HMI)

Simple to use independent buttons. Straight forward operation means minimal training required

Two-way anti-collision protection

Minimise potential impact damage

Efficient over large area

Main cylindrical brush with four side brushes to provide effective 190 to 210cm sweeping path

Large 100L onboard water tank for dust suppression

ideal for controlling dust or add Hako's Dust Stop for enhanced performance

Technical data

	Technical data: Scrubmaster B2100R-HC
Productivity	• 14,700 m² per hour
Machine Specifications	• Length (with side brushes): 2150mm • Width (with side brushes): Adjustable 1900 to 2100mm • Height (without warning light): 1990mm • Working Width: 2100mm • Weight (with battery): 920kg • Bristle arrangement & material: V-shape / PET • Hopper capacity: 180 (90 x 2) litre • Dust-control water tank: 100 litre • Rated voltage: 48V • Total power: 4750W • Batteries & Capacity: 8 x 6V 220Ah C3 (Maintenance-free) • Number of Brushes (side brushes): 2 x disc (Dual 600mm) • Cylinder Broom: 790mm (w) / 300mm (diameter) • Max working speed: 7km/h • Max slope: 15%
Standard inclusions	• Overhead guard with windscreen and wiper • Headlights, brake lights, working lights, indicators and flashing beacon • Cabin cooling fan for operator comfort • Maintenance-free sealed gel batteries
